Increasing rumors from Bulgaria state that some form of aggression against Yugoslavia is being planned for the spring. The rumors are based on the following:

- a. The continuing mobilization of reservists in the Sofia area;
- b. Government checks to ascertain if all residents have taken compulsory air raid precautions and first aid courses;¹
- c. The priority given to air raid siren manufacture in Sofia; and
- d. The increasing shortage of drugs and other medical preparations which shortage is attributed to their diversion to the army.
